MOE Budget 2023-2024
Alameda County
District Attorney's Office Presentation
Pamela Y. Price
District Attorney
DISTRICT ATTORNEYS have significant decision-making power and the decisions they make have a big impact on the community.

We decide whether criminal charges are brought to court, which cases are dismissed or diverted from court, and — to some extent — the sanctions that people convicted of crimes will face. We also hold people accountable who engage in fraudulent activity or pollute or damage our environment. We also participate in the administration of Alameda County’s juvenile justice system.
Our Mission

To advance an ethical and equitable system of justice to protect public safety, support survivors and witnesses and uphold the rights of the accused. To sustain a safe and livable community through fair, transparent, and responsible administration of justice; restore public trust, end mass incarceration, root out racial, socioeconomic and gender disparities; provide compassionate support for harmed persons; create innovative programs to enhance the lives of vulnerable and underrepresented populations, reintegrate and redeem our returning citizens, empower families, and guide youth for a bright, healthy future.
Our Mandate

The California Constitution, California Codes, and case law define the duties of the District Attorney. We represent the People of the State of California in criminal, civil and juvenile matters. The DA investigates and prosecutes crimes and brings civil actions involving consumers, workers, real estate and environmental matters. We are the stewards for racial justice in the criminal justice system under the Racial Justice Act. The DA also serves as the Legal Advisor to the Grand Jury.
Our Mandate

The DA Victim Witness Assistance program provides support and advocacy for victims and witnesses of crime. We notify crime victims of their rights, ensuring that those rights are upheld. We assist all victims in bringing claims for services and compensation through the State of California. Victim-witness advocates are trained to offer trauma-informed and compassionate support to crime victim survivors. Our program includes victims of police violence and emphasizes serving children who have been exposed to or experienced traumatic violence.

Since 1938, our District Attorney has been appointed by the Alameda County Board of Supervisors or ran unopposed in their election debut. The sitting DA would retire and the Board of Supervisors would appoint the retiring DA’s choice - before the election cycle. This set up a legacy of incumbents who historically ran unopposed for those seats.

Our Transformation in The Making

“There comes a point where we need to stop just pulling people out of the river. We need to go upstream and find out why they’re falling in.”

- Desmond Tutu
Alameda County District Attorney Pamela Y. Price is a graduate of Yale College and UC Berkeley Law School, and a survivor of the Ohio juvenile justice and foster care systems. Before being elected District Attorney in 2022, she trail-blazed a career fighting for justice for everyday people in state and federal courts.

She built a successful law-firm, coordinated teams of lawyers across the country and successfully argued a landmark racial harassment case before the United States Supreme Court. Casework

More than 40,000 cases are presented to our office each year for charging consideration by police and other law enforcement agencies across the County and the State.
Criminal Prosecution Bureau

The Criminal Prosecution Bureau handles all adult misdemeanor and felony prosecutions throughout the County with offices in four courthouses: Oakland, Dublin and Fremont
Recently established, the PAU is tasked with holding law enforcement and public officials accountable for misconduct.

Former Alameda DA Earl Warren who went on to become U.S. Supreme Court Chief Justice focused on addressing police misconduct when he was DA.

Our Civil Rights Bureau will also focus on promoting Restorative Justice, enforcing the Racial Justice Act and resentencing cases after a wave of reform legislation passed at the State level and supported overwhelmingly by Alameda County voters.
Victim/Survivor/Witness Advocates

Alameda County District Attorney’s Office provides a variety of services for crime survivors/victims, witnesses, and their families, as they work through the emotional trauma of their experience.

We are aware of, and are concerned about, the consequences that crime survivor/victims, witnesses and their families experience as a result of the crime. Weeks, even months after the crime, many individuals still experience problems and challenges due to the crime. This unit is dedicated and designed to alleviate as many of these issues as we can.
Marsy’s Law

Enacted with the passage of Proposition 9 in 2008 (California Victims’ Bill of Rights)

The Act protects and expands the legal rights of victims of crime in the judicial process.

Key components: Legal standing for crime victims, protection from the defendant, notification of all court proceedings, restitution, greater powers to deny parole granted to parole boards.

HUMAN IMPACTS ON FUNDING REDUCTIONS

1. Inability to allocate sufficient resources to address the Racial Justice Act

2. Diversion of resources from one area to another to meet mandates, diminishing existing service expectations to county businesses and residents

3. Increased wait times to receive services for re-entry, diversion, and victims of crime, increasing chances of revictimization, increased suffering, and delayed justice, increasing stress on the community

4. Limit the ability to adequately train and retain staff, eroding the quality of services to county business and residents

5. Eliminate the opportunity to implement my 10 point plan for the office, the platform the people elected me for
District Attorney Vision 2026
